## Our members

As a SPP member you will be in very good company. Over 75 of the largest and most successful pensions, investment and professional services firms in the UK recognise the benefits of SPP membership including:

Law Debenture

### Evening Meetings

Held monthly, providing a range of interesting and insightful speakers to discuss and debate the key issues of the moment. An easy way to rack up some valuable CPD points and share a glass of wine with industry peers. Most evening meetings are videoed, so that those who are unable to attend in person can still take advantage of this benefit.

### Annual Conference

A half day conference, free to all members, bringing together a range of speakers and panellists and covering both DB and DC issues. The buffet lunch and networking has become a popular way to round off the morning.

### Annual Dinner

An annual dinner celebrating the achievements of the membership. A range of guest speakers have provided interesting thoughts and have helped give out the journalist awards presented on the night.

### Specialist Committees

10 specialist committees discuss the key pension issues and help develop the SPP consultation responses. A useful way to help influence policy, develop strong professional relationships and improve technical knowledge.

### Roundtables

Our programme of roundtable events allow us to convene small groups of specialists together to discuss specific topics and issues facing the industry. These have proved very popular with those people who want to share views on a given subject but also hear from other experts.

### Media opportunities

Through our PR advisers Smithfield, many of our committee members are regular contributors to the media with both comments and longer bylined contributions highlighting the authors dual roles of corporate executive and member of an SPP committee.
